Liz,

When do you need technical review comments?

Hi Jim,

Attached is a workplan to conduct subsurface investigations at the Mayflower Mill that we received from Sunnyside Gold. They are going in the field in the next couple of weeks and we would like to review and provide comments to them prior to the work taking place.

**Attorney Client/Ex. 5**

Attorney Client/Ex. 5

We are working on a QA review of this document, but I am wondering if you would have time to do a quick-turn-around technical review of this using your expertise.

**Attorney Client/Ex. 5**

Thank you so much,

Liz

Paula and Brent,

Attached you will find investigative work plans prepared by Sunnyside Gold Corporation as part of Sunnyside's continuing participation in the collaborative effort to improve water quality in the Animas River.

Sunnyside requests that you provide any comments that may improve the work plans at your earliest convenience such that adjustments can be made prior to implementation. Attorney Client/Ex. 5

**Attorney Client/Ex. 5**

Implementation of the attached plans except for the airborne geophysical survey is planned for August and September.

I would appreciate it if you would provide comments to me as soon as practicable.

Thanks,

Pat
